🗎 Work History

UnitSol	Aug 2023 - Present (1 month)

Full Stack Web Developer / Backend Developer   Gujranwala, Pakistan

- Serving as a Senior Developer, actively involved in multiple projects including the Speedo System for swimming schools, Number Prospectus, and Time Attendance.
Demonstrating versatility by managing both frontend and backend development, as well as API development, showcasing a comprehensive skill set in full-stack
- development.
Contributing to the successful execution of projects, ensuring robust and efficient solutions that meet client requirements and project goals.

Hixol	Apr 2023 - Aug 2023 (4 months)

Full Stack Web Developer / Backend Developer   Gujranwala, Pakistan

- Enhanced and extended the Deliver Cart project by integrating chat APIs and migrating the website to the Laravel framework. Built robust APIs using JWT authentication to facilitate seamless communication.
- Spearheaded the development of Smart Insight, a marketing project, by implementing various APIs, including Facebook Business APIs, Google Business APIs, and Trip Advisor APIs, demonstrating versatility in third-party integrations and API development.

Syntax Lab	Jan 2023 - Mar 2023 (2 months)

PHP Developer / PHP Web Developer   Gujranwala, Pakistan

- Spearheaded the development of a comprehensive webinar platform, enabling users to create, register for, and attend webinars, demonstrating a strong foundation in web application development.
- Implemented user-friendly features and functionalities, enhancing the overall user experience and contributing to the project's success. Showcased a project-based
- approach to web development, emphasizing the ability to conceptualize, build, and deliver tailored solutions in a team-oriented environment.

PSEB (internship)	Dec 2021 - Apr 2022 (4 months)

Front End Developer / Web Developer   Gujranwala, Pakistan

- Worked closely with cross-functional teams to meet project deadlines and deliver high-quality deliverables.
- Demonstrated a strong understanding of design principles, web technologies, and user-centered design methodologies in project execution.
- Contributed to a collaborative and innovative work environment, fostering creativity and excellence in design and front-end development.

SoftShack	Sep 2021 - Mar 2022 (6 months)

UX/UI Designer / Web Designer   Gujranwala, Pakistan

- Collaborated on multiple projects, including blood donor, hostel management system, university portal, and reports, focusing on wireframing, design, and frontend development.
- Played a key role in creating visually appealing and user-friendly interfaces, enhancing the overall user experience.
- Successfully translated project requirements into wireframes and mockups, ensuring alignment with client expectations and project goals.
- Developed responsive and accessible frontend components and layouts, optimizing website performance and usability

DevZone	Apr 2021 - Dec 2022 (1.7 years)

PHP Developer / PHP Web Developer   Lahore, Pakistan

- Contributed to diverse projects, including Ottala, Yalla, and a Flutter-based business app for Odoo, showcasing versatility in mobile app development and a commitment to delivering innovative solutions.
- Collaborated with cross-functional teams to design, develop, and optimize mobile applications, ensuring seamless user experiences and client satisfaction.
- Demonstrated expertise in Flutter and mobile app development, consistently delivering high-quality solutions for clients in various industries.
